1. Due to small sample sizes, caution should be used when interpreting results.
2. 2004-05 annual average is for the period April 2004 - March 2005.
3. Data is for the non-student population - persons attending educational institutions are excluded.
4. The North American Indian and Métis categories are for single responses only.
5. 'Other' category suppressed due to insufficient responses.
6. May not sum to totals due to rounding.
7. Estimates less than 500 are set to zero (0).
